  - 2021: 6

- **South Sac**
  - 2020: 6
  - 2021: 4

COVID-19 & Gun Violence Reduction Work

In 2021, COVID-19 continued to challenge our work. Our street outreach & fellow engagement was limited by the shut-downs of school programs, community centers, other non-profits and service providers. We also witnessed an increase in social isolation, depression, anxiety, fear & uncertainty in our communities brought on by COVID-19 policies. Our work demands everyday face-to-face engagement and pandemic policies adversely impacted our ability to fully support our fellows. In spite of these challenges, two of the AP Zones experienced a decrease in firearm homicides in 2021 compared to 2020. We believe that our continued presence in contributed to these declines.
2021 Fellow Outcomes

16 Fellows
Received Internships

81%
Received Job Readiness Skill Building

784 Hours
Family Supports to Enrolled Fellows
